

August 2023

Dear Member

Medicine Risk Management for chronic medical conditions from 1 September 2023

Pick n Pay Medical Scheme has contracted Momentum Health Solutions with effect from 1 September 2023 to provide a Medicine Risk Management programme to our members who require treatment for a range of chronic medical conditions, such as high blood pressure, asthma and high cholesterol.

Current chronic medicine authorisations will remain in place, so there is no need to contact us unless you are registering for a new chronic condition.

Please note:

- With effect from 1 September 2023, your doctor or pharmacist must call the Medicine Risk Management programme (previously Swift Online®) on **0860 767 633** or email chronic@pnpmms.co.za for the approval of medicines.
- The medication formulary look-up facility for preferred medication items will be available from 1 September 2023.
- Our diabetes management programme will remain with the Centre for Diabetes and Endocrinology (CDE) and nothing in respect of your diabetes management changes.

Click [here](#) for detailed information about your chronic medication benefits, including the conditions that are covered, how to register for chronic medication, authorisation of chronic medication and re-applications.

Kind regards

Pick n Pay Medical Scheme
